

## SEE Thematic Capitalization

### Thematic pole 4. Low carbon communities

#### *Sustainability and future*

*Transnational projects gathering from all over Europe aim to evaluate the impact and lessons learnt of previous cooperations and to examine new possibilities to continue their contribution to the EU2020 targets.*

*The project representatives will be supported by international experts in brainstorming together on new projects and partnerships within the Multiannual Financial Framework of the European Union for 2014-2020.*

*27-28, August 2014*

Fojnica, Bosnia and Herzegovina
